Agenda Item

Norwin Chamber of Commerce Membership

Background

North Huntingdon Township belonged to the Norwin Chamber of Commerce until Covid. The Township canceled their membership due to budget constraints. The Township is currently a member of the Westmoreland County Chamber of Commerce.

Recommendation

Joining the Chamber of Commerce is a strategic move that strengthens the Township's connection with the local business community while advancing economic development goals. Membership provides direct access to networking opportunities, business insights, and collaborative initiatives that foster growth and innovation. It positions the municipality as an active partner in supporting local businesses, enhancing community engagement, and attracting new investment. Additionally, participation in Chamber events and committees allows the Township to share its vision, advocate for residents' interests, and build partnerships that improve services and quality of life. This investment demonstrates a commitment to a thriving, interconnected community.

Financial Impact

The cost is \$690.00 annually.
